

This image contains a horizontal bar graph with the headline “Political affiliation moderates climate change beliefs and attitudes.” The title of the graph is ‘Percentage of Indiana Democrats and Republicans who agree with the statement...’ The bottom of the chart contains a legend with light blue representing “Democrat” and dark blue representing “Republican.”

The first cluster is labeled “I support general initiatives to prepare for the effects of climate change ‘to a great extent.’” The light blue bar ends at 52 and the dark blue bar ends at 23.

The second cluster is labeled “Climate change is already causing harm in the US.” The light blue bar ends at 72 and the dark blue bar ends at 44.

The third cluster is labeled “Climate change is happening ‘to a great extent.’” The light blue bar ends at 67 and the dark blue bar ends at 29.
